

ePoster Presentation

ID	Topic	Presenter
18	Comparing Functional Outcomes after Conservative or Surgical Management of Pelvic Insufficiency Fractures	Joshua Song SINGAPORE
22	Rectus Femoris Autograft is a Viable Alternative to Hamstring Autograft in Primary Anterior Cruciate Ligament Reconstruction	Vikaesh Moorthy SINGAPORE
26	Functional Outcomes Following Plate Fixation, Intramedullary Nailing and Reverse Shoulder Arthroplasty for Proximal Humerus Fractures: A Retrospective Cohort Study	Tan Zhi Wei Nicholas Matthias SINGAPORE
30	Optimising Intra-operative Imaging in Patella Plating to Detect Articular Cartilage Penetration: A Case Report	Navin S/O Kumaran SINGAPORE
37	Are All Stiff Spines the Same? Preoperative Differences Between Stuck Standing, Stuck Sitting, and Neutral Stiff Phenotypes in Total Hip Arthroplasty Candidates	Shawn Seah SINGAPORE
39	Six-month Patient-reported Outcomes After Direct Anterior THA in Patients With Reduced Spinopelvic Mobility: Modular Dual-mobility Versus Conventional Fixed-bearing Liners	Shawn Seah SINGAPORE
43	Open Tibial Plateau Fracture with Tibial Tuberosity Avulsed Fragment Retracted into Knee Joint and Patella Tendon Rupture: A Case Report	Shasi Mogan SINGAPORE
44	Atypical Ulnar Diaphyseal Fractures in Patients on Long-term Antiresorptive Therapy: A Case Series	Quah Sen Hui Emrick SINGAPORE
45	Limb Salvage Following Closed Elbow Dislocation: Staged Reconstruction for Occult Brachial Artery Transection, Global Instability and Median Nerve Palsy	Lim Tze En Jeremy SINGAPORE
48	Association Between Preoperative Radiographic Parameters for Spinopelvic Mobility and Functional Hip Angle in Total Hip Arthroplasty Candidates	Chiu Shi Ting SINGAPORE
51	Global Research Hotspots and Trends in Stem Cell Therapy for Rotator Cuff Injuries	Wang Xiong CHINA
52	Anaerobes in Late-onset Prosthetic Joint Infection (PJI) and Colorectal Carcinoma	Chiu Shi Ting SINGAPORE
56	Effect of Age on Clinical Outcomes and Recovery Trajectories Following Arthroscopic Rotator Cuff Repair in an Asian Population: A Comparative Analysis of 3 Age Groups	Tan Yen Chin Jeremy SINGAPORE
65	Does Lung Primary Necessarily Mean Poor Prognosis in Spinal Metastases?	Christian Tan SINGAPORE
68	Effectiveness of Anterior Interosseous Nerve Transfer to the Ulnar Motor Branch: Asystematic Review with Meta-analysis and Contemporary Update	Ervin Sethi SINGAPORE
71	Re-evaluating Surgical Duration as a Risk Factor for Prosthetic Joint Infection in Routine Total Knee Arthroplasty	Sunny Kim SINGAPORE
84	Robotic-assisted Kinematic TKA for an Extreme 45° Fixed Varus Knee With Massive Medial Tibial Bone Loss Without Revision Implants	Lim Tze En Jeremy SINGAPORE
91	A Growing Problem? Increased Risk of Breast Cancer in Female Orthopaedic Surgeons. What Needs to be Addressed Now?	Abby Heath NEW ZEALAND
94	Patients Aged ≥75 Years Demonstrate Lower Functional Recovery but Comparable Outcomes Between Robotic-Assisted and Conventional Medial UKA	Lim Tze En Jeremy SINGAPORE

ePoster Presentation

ID	Topic	Presenter
104	Diagnostic Performance of Peripheral Immune-inflammatory Biomarkers for Chronic Osteomyelitis: A Retrospective Case-control Study	Wang Xin CHINA
106	Integration of MOOC and Virtual Simulation to Improve Surgical Clinical Skills: A Quasi-experimental Study	Wang Xin CHINA
107	Enhanced External Counterpulsation for Patients Following Femoral Neck Fracture Internal Fixation: A Randomized Controlled Study	Wang Xin CHINA
108	Gouty Discitis: A Rare Cause of Cervical Myelopathy	Leong Weng Kum Jonathan SINGAPORE
109	Improving Time to Surgery for Geriatric Hip Fracture Patients with Surgery	Chan Hong SINGAPORE
122	Surgeon-administered Intraarticular Posteromedial Injection Provides Comparable Analgesia to Adductor Canal Block Following Primary Total Knee Arthroplasty	Andrew Spitzer UNITED STATES
125	Excellent Mid- to Long-term Survivorship of a Cemented Femoral Stem in Primary Total Hip Arthroplasty	Andrew Spitzer UNITED STATES
126	Beyond Mechanical Alignment: Defining Contemporary Alignment Strategies in Total Knee Arthroplasty	Andrew Spitzer UNITED STATES
128	A Systematic Restricted Inverse Kinematic Alignment (RiKA) Approach to Achieving Balance in 200 VELYS Robotic-assisted Total Knee Arthroplasty (RA-TKA) Procedures	Andrew Spitzer UNITED STATES
129	Now I Can See It: Evaluating a 3D Modular Anatomical Model for Patient Understanding, Decision Confidence and Anxiety in Total Knee Replacement	Ooi Wei Chern SINGAPORE
142	Shouldering the Burden: Fracture Patterns and Functional Outcomes of Shoulder Girdle Fractures at a Major Trauma Centre in Singapore	Clara Yang SINGAPORE
143	Vascular Malformation of the Hallux Mimicking Chronic Paronychia and Glomus Tumor: A Diagnostic Pitfall	Guhaan Balasubramian SINGAPORE
146	Young versus Younger: A Comparison of Intraoperative and Early Postoperative Outcomes of Posterior Spinal Fusion for Idiopathic Scoliosis in An Asian Population	Chua Hui Zhen Grace SINGAPORE
155	Cervical Tuberculous Spondylitis with C5 Vertebral Body Collapse, Abscess Formation, and Neurological Deficit: A Case Report of Successful Anterior Reconstruction	Bryant Elbert INDONESIA
163	Enhancing Nursing Care and Prevention of Pinsite Infections Among Transverse Tibial Transport Patients: A Case Series	Young Yan Wee Ashley SINGAPORE
164	Joint Preservation in Shoulder Arthritis: State of the Art	Jacqueline Liew SINGAPORE
166	Internal Brace Augmentation for Anterior Cruciate Ligament Reconstruction (ACLR) Does Not Significantly Improve Short Term Functional Outcomes as Compared to Isolated ACLR	Jacqueline Liew SINGAPORE
167	Mid-Flexion Gap Characteristics and Functional Outcomes Following Robotic-assisted Total Knee Arthroplasty: A Prospective Observational Study	Jacqueline Liew SINGAPORE
168	Enhanced Recovery After Surgery in Primary, Complex-primary, and Revision Total Knee Arthroplasty: A Comparative Outcomes Analysis	Jacqueline Liew SINGAPORE
170	Mid-term Clinical Outcomes of Isolated Collagen Patch Implantation for Partial Rotator Cuff Tears	Jacqueline Liew SINGAPORE
176	Appointment Non-attendance in a Paediatric Orthopaedic Surgery Clinic: Clinical Characteristics and Referral Patterns	Sunny Kim SINGAPORE

ePoster Presentation

183	Investigating the Mechanical Stresses and Potential Stress Shielding Effect in Radial-prosthesis Assemblies with Overstuffing and Under stuffing of the Elbow Joint	Dennis Chew SINGAPORE
200	Radiographic and Clinical Outcomes of Adjunctive Subtalar Arthroereisis in Hallux Valgus Surgery with Concomitant Pes Planus	Lee Jia Ying SINGAPORE
202	50 Years On: Delayed-onset Foot Drop Due to Sciatic Nerve Neuropathy on a Background of Ipsilateral Femur Intramedullary Nailing - A Case Report	Awais Ali SINGAPORE
204	Functional Outcomes Following Midfoot and Hindfoot Amputations in Patients With Diabetic Foot Ulcers	Prabhakar Sumanth SINGAPORE
205	Comparative Effectiveness and Treatment Durability of Intra-articular Injections in Knee Osteoarthritis	Wu Tian Yi SINGAPORE
